

2018-2019 academies at a glance

The Association of California School Administrators provides a full range of academies, in eleven leadership specializations. ACSA's job-specific academies provide a solid foundation in the application of leadership and management fundamentals for administrators who are new to advanced leadership positions or aspiring to the same. The academies are seen as the "fast-track" into a career as a superintendent, principal, business manager, curriculum and instruction or personnel administrator, special education/pupil services director, confidential employee or classified manager.

The academies are designed around the California Professional Standards for Educational Leaders (CPSEL) and the standards for the Commission on Teacher Credentialing's (CTC) Clear Administrative Services Credential (CASC). ACSA's Clear Administrative Credential Program, www.acsa.org/credentialing, is a CTC-approved CASC program.

Academies begin August 2018 through January 2019. Complete Academy program information is available at www.acsa.org/academies including: [Register for an Academy](#), [Download Academy Catalog](#), [Join ACSA and save with Promo Code ACAD18](#), [Academy Scholarships \(due June 18, 2018\)](#). Find out if your ACSA Region, www.acsa.org/Regions-and-Charters, offers local scholarship funding for professional development!
