

On July 1, ACSA will launch a newly expanded employment resource as part of our Career Center and CareerConnect job listings.

Some of the changes you'll see on the new system:

- **Quick and easy access** – ACSA's new and improved Career Center is incredibly simple and easy to use. Get to everything you need with just a few clicks.
- **Online job postings** – Now you can manage your expanded, searchable, sortable job postings online, anytime. Add, edit and delete company postings right from your desk, even copy an expired or deleted ad to quickly post next time.
- **New format for EdCal CareerConnect classifieds** – In addition to a variety of options for posting online jobs, we'll offer fully customizable EdCal print classifieds, which you can craft yourself and expand to any length. Each classified ad purchase will continue to include an online job ad for the week(s) of the publication. The new pricing and format will begin with the July 16 issue.
- **Employer profiles** – Create a free, customized employer profile with logo, showing key information about your district or organization.
- **Job activity tracking** – Your online account will include reports showing you the number of individuals that have viewed your job, applied online, and how many times your job was sent out in a "job agent" or "emailed to a friend." You'll be able to see just how many people your ad has reached.
- **Searchable resume database** – ACSA represents the most qualified educational leaders in California and beyond, so our new resume database will give you access to the best possible job seekers.

We'll notify you when the site opens, so you can visit ACSA's Career Center and create your new online account. If you have any questions about this transition, please don't hesitate to contact us at 916-329-3829 or email careerconnect@acsa.org. We look forward to continuing to provide you with the best resource for recruiting outstanding educational leaders. Thank you.
